Journal of a voyage on the ship St. George
Captain George W. Gloucm commencing June 10th 1845

Tuesday June 10th

At four in the morning we went on board and got under-
way and beat out of the bay winds varied from W.S.W.
to S.W.b.W weather smoky

Wednesday June 11th

At two P.M our pilot left us where we stood our
Anchors and cables at six chose Watches and boats crews at
seven set the watch wind W.S.W bears S.b.E middle part wind
like and variable with glass and rain at ten took in the
fore and mizentopgallantsails at seven did tacked ship
again at ten Wind S.W weather foggy. Latitude 39

Thursday June 12th

Fore part smoky weather the watch employed fitting the oars
and repairing craft latter part all hands fitting boats and
fitting on the chafing gear, winds fresh and variable from
S.W to W.N.W & N.E. Lat 39.54. Long

Friday June 13th

Weather fore part smoky middle and latter part cloudy
and squally wind fore part S.S.W latter S.S.E at two P.M.
tacked ship put her on the eastern tack at ten night took
in the mizentopgallantsails at two set it again, fore part
wiled our lines and broke out water latter fitting boats

Saturday June 14th

Weather fore part squally latter smoky set the fore and mizen
topgallantsails employed fitting boats latter part a watch below
winds S.W. Cears E.S.E Lat

Sunday June 15th.

Fair weather with fite winds from S.W. Cears E.S.E
Lat Long

Remarks on board Ship St. George.

Monday June 16th. 1845.

Fair weather with lite winds and variable from S S W to W at four P M lowered all our boats for exercise latter part all hands employed fitting rigging sent out a spritsail yard Coars E by S Lat Long

Tuesday June 17th

Clear weather with lite winds and variable from W to N and tack to S all employed fitting boats and riggin Coars E & E Lat

Wednesday June 18th

Clear weather winds lite from S at eight A M lowered all our boats for blackfish could not get fast at ten came on board at three P M saw a sail standing to the westward Coars S E by E Lat Long

Thursday June 19th

Fair weather winds lite from S S W employed making boat sails and fitting boats one sail site standing to the westward Coars S E by E

Friday June 20th

Fore and middle fair weather and lite winds from S S W latter ~~part~~ latter part cloudy squall of rain winds fresh and variable from S S W to W N W at ½ past eleven A M took in the flying gib clewed up the fore & mizen royal gallentsails Coars S E by E two sails in site

Saturday June 21st

Weather fore part cloudy latter rainy at six P M spoke the Barque Cachalot Captain Taber of Nantucket fifty days out clean at nine evening took in the fore and mizen royal gallentsails at ten A M Latter ship part her on the western tack by the wind strong N by E

Sunday June 22d

Weather cloudy with strong winds and variable from N N E to N by W at ten night took in the gib main royal gallentsail and double reefed the topsails at six A M took in the mainsail at seven set the gib at nine set the mainsail Coars latter part E S E

Monday June 23d 1845

Strong winds and rainy weather winds variable from W by W to W N W at six P M took in the gib mainsail and mizentopsails at ten A M shook one reef out of the foretopsail Tuesday set the mizen set the mizentopsail and maintopgallantsail Coars C S C

Tuesday June 24th

Weather smoky winds fresh from S W fore part the watch broke out coal and set up the forg latter part fitting riggin at nine P M set the fore and mizentopgallantsail at eleven set the mainsail Coars fore part C S C latter C Lat 34° 20 Long

Wednesday June 25th

Weather smoky winds fresh from S W by S at one at night took in the fore and mizentopgallantsails fore part all hands latter part one watch fitting riggin Coars C Lat Long

Thursday June 26th

Smoky weather winds fresh from W by W at seven P M took in sail all but double reefed maintopsails layed by the wind on southern tack commenced standing boats crew watches at daylite made sail gib and topsails keep off C by N one boats crew watch below the rest fitting riggin Lat Long

Friday June 27th

Weather cloudy with frequent showers of rain Wind fresh from W by W middle part layed by on southern tack fore and latter Coars C by N fore part topsails latter maintopgallantsail employed fitting rigging. Lat Long
